

# Health risk factors assessment for both communicable diseases and non-communicable diseases among university students in Japan and ASEAN: a campus-based surveillance

## Can you help us out?

We are researchers from **Japan and ASEAN universities**

We are interested in learning your health literacy and opinion toward risk factors for both Non-Communicable Diseases (NCDs) and communicable disease (CDs)

We will send a feedback on your health risk factors after completion of our study

The survey will take **no more than 20 minutes**

Should you have any questions or concerns, feel free to contact:
